INFORMATION AND COMMUNICATION TECHNOLOGY (ICT)

ICT skills and outcomes are explicitly taught in specific weekly lessons along with the frequent use of ICT resources in all curricular areas. Based on feedback from Waikerie High School and from our scope and sequence, our three areas of focus for 2011 are keyboarding skills, emailing and proficient use of ‘Microsoft Word’

Checklists and rubrics are used to monitor student progress and inform teaching and learning.

Cadell Primary School is well equipped with computers and multimedia equipment. Students have frequent use of 12 Apple Mac Notebooks, 1 Apple Mac desktop, 2 PC Laptops and 6 PC desktops for student use. SSOs and teachers work with small groups each week, students get a lot of support in the use of both Windows and Apple Systems.
